

Vajrapani Puja

Evocation

Vajra Lord of Secrets
Energy of the awakened ones
Energy of the inner body
Energy of the truth

Energy of the path perfected
Energy of connected heart
Energy of perfect insight
Energy of awakened action

Vajra Lord of the Vajra
Whose energy is pure like a diamond
Whose energy is perfectly at peace
Whose energy is like a fire

You burn up all divides and views
In the light of truth
And all delusion

O compassionate Vajrapani
Awakening the subtle path
Through this wondrous and magical
body
The most precious treasure of practice.

OM VAJRAPANI HUM

Refuge

I go for refuge to the truth
And to the one who knows the truth
I shall hold to the truth

And harm no one, nor take what's not given
And use no one.
I will speak truth
Kindly and helpful
And my words will be harmonious.
I will feel and transform the energy of my desires
I will feel and transform the energy of my views

Refuges and Precepts

Confession

I confess in the light of the vajra
Light of the vajra that reveals views
Light of the vajra that reveals clinging and
aversion
Into the light, I bring my habitual deeds
Into the light, I bring my habitual views
HUM. May they be transformed.

Request for the teaching

O Vajrapani
I open my heart to your awakened energy.
May the intense light
Of your awakened heart
Move me to the roots of my being
And awaken my body, speech and mind.

Just Sitting

Rejoicing in Merits

We rejoice in Vajrapani's heart
Great love that's unconditionally free
Vajrapani, the solitary Lord
Liberates all through vajra truth
We rejoice in the natural state
We rejoice in what liberates and frees

Dedication

Protector of Buddha Sakyamuni
O Protector of the truth
Inspire us to protect our truth
Through the merit of this practice
May all in samsara be liberated
May the merit of this practice
Serve all beings as nourishment
And bring inconceivable energy and joy
